

LILYDALE HEIGHTS
COLLEGE

IMPORTANT 2024 Year 7 Transition Survey

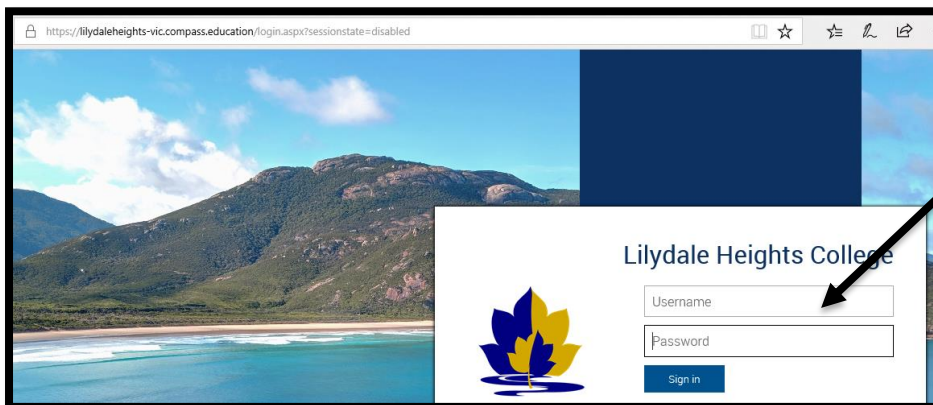

At Lilydale Heights College we are committed to making the transition into Year 7 as successful as possible. We believe that a successful start to secondary education is more likely when schools, parents/guardians and students are all engaged in this significant transition. We have designed this survey as an opportunity for parents/guardians to help us get to know their children faster and get an earlier indication of their characteristics as learners. This information will help us with our planning for 2024. In addition to our literacy and numeracy testing, and information provided by the primary schools, it will also assist classroom teachers to more readily cater for students' needs when the school year commences.

We would greatly appreciate you completing this survey with your child by October 27th and welcome any feedback you have on this survey.

Shane Kruger
Principal

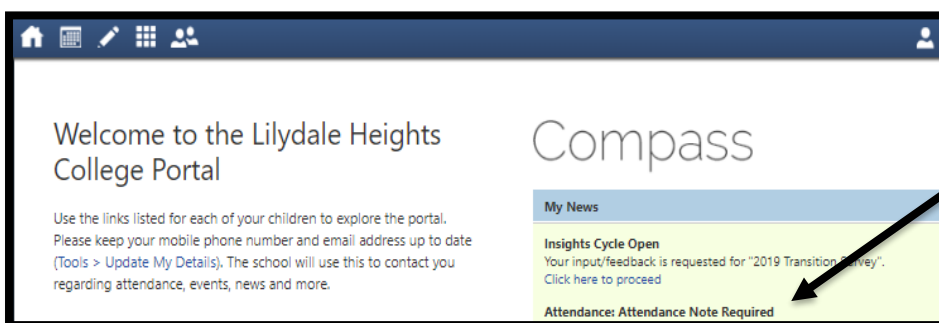

Michelle Gaudion
Year 7 Learning Leader

Logging on to the survey

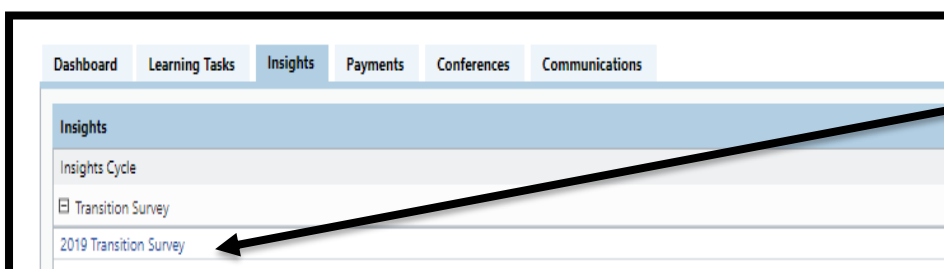

STEP 1: Login

Using the URL and password in the transition pack, log into your Compass portal

STEP 2: Locate the survey

Click on the blue link connected to the 'Insights Cycle', located under 'My News'

STEP 3: Access the survey

Click on the blue link. It will take you to the survey. Preferably complete the appropriate questions with your child.
